

THE STEAMER VIRGINIA V FOUNDATION

Name of candidate: _____

Captain Skills Checklist

Captain Requirement 5: Checklist and endorsements. Details:

Unlike the Deck 3 to Bosun checklists, the Captain checklist cannot be completed in one cruise. The checklist will consist of sections that require endorsements from specific positions. For example, only a VIRGINIA V Captain will be able to sign off (endorse) on certain sections of the checklist, while the Port Captain would be able to endorse others. The checklist will illustrate these specific requirements.

We recommend going over the skill checklist with the Port Captain to make sure the skills are fully understood and to schedule time to train for these skills.

Approval Authority Directions: If the candidate successfully demonstrates/completes/performs the skill to your satisfaction, please print your name, sign your approval, and record the date.
